I.C. Distribution of Government Services funds (GSF) to entities

Distribution of Government Services funds (CFDA No. 84.397) to entities:

Total amount of Government Services funds made available to LEAs, IHEs, or other entities for obligation from October 1, 2010 through September 30, 2011 (Funds Made Available):

\$601,000.00

Provide a list of entities (including state agencies) to which the state has awarded GSF and the total amount of Government Services funds made available to each entity for obligation from October 1, 2010 to September 30, 2011:

Entity Name	Entity ID	Funds Made Available	Funds Made
-------------	-----------	----------------------	------------

		(2010) \$	Available\$
MINNESOTA DEPARTMENT OF CORRECTIONS	P78	38,000,000	0
MINNESOTA DEPARTMENT OF HUMAN SERVICES	H55	110,000,000	0
THE UNIVERSITY OF MINNESOTA	174066		601,000

II.A. Uses of Education Stabilization funds by LEAs

Provide a concise narrative of how LEAs in your state have generally used Education Stabilization funds, and the impact that the funds had on elementary and secondary education in your State from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

The majority of the Federal State Fiscal Stabilization funds allocated to Minnesota Local Education Agencies (LEAs) was spent on staff salaries and associated benefits. This included salaries and benefits for administration, licensed classroom teachers, non-licensed classroom personnel, substitute teachers, school nurses, psychologists, counselors and alcohol and chemical dependency counselors. It also included salaries and benefits of non-instructional support personnel. Examples include accountants, bookkeepers, secretaries, clerks, custodians, bus drivers, and food service cooks. Funds not spent on salaries and benefits were used for expenditures such as textbooks and workbooks, student transportation costs, technology equipment, instructional and non-instructional supplies and materials, fuels, utility services, insurance costs, communications, postage and parcel services, and operating leases or rental costs.

Please update for the new timeframe:

LEAs used approximately 96% of the Education Stabilization funds, for salaries and benefits. These funds replaced the one-time reduction of \$500 million in FY 2010 general education aid . The reduction was equal to 8.7% of each school district and charter school's FY 2008 general education revenue. The Education Stabilization funds were used to maintain staffing levels and to avoid staff layoffs as a result of the 8.7% reduction.

Estimate the total amount of Education Stabilization funds draw downs that the State made on behalf of LEAs, from October 1, 2010 to September 30, 2011, under the following categories:

Salaries and benefits:	\$479,188,959.37
Contracts for construction, modernization, renovation, or repair projects:	\$0.00
Other:	\$20,783,616.24
Total:	\$499,972,575.61

II.B. Uses of Education Stabilization funds by public IHEs

Provide a concise narrative of how public IHEs in your State have generally used Education Stabilization funds, and the impact that the funds have had on postsecondary education in your State from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

Higher Education institutions use the award for tuition mitigation for students, to bridge to lower operating costs necessitated by a reduction in recurring state appropriations; and to cover one-time costs of academic initiatives and service improvement. Specifically, each IHE in Minnesota was required to use SFSF funds to buy down tuition costs for students during the FY 2010 and FY 2011 school years to a level specified in state law. Expenditures to cover one-time costs of academic initiatives and service improvement occurred in the following areas: instruction and instruction-related salaries, supplies and equipment; new program development; faculty sabbatical expenses; retirement expenses; recruiting/marketing; counseling; admissions. During a time of state fiscal crisis, the SFSF funds allowed the state to continue to fund higher education at the 2006 level, while reducing net tuition costs for students.

Please update for the new timeframe:

There are no additional updates to the information previously submitted.

Estimate the total amount of Education Stabilization funds draw downs that the State made on behalf of public IHEs, from October 1, 2010 to September 30, 2011, under the following categories:

Salaries and benefits:	\$16,165,017.57
Student financial assistance:	\$45,068,342.20
Contracts for modernization, renovation, or repair projects:	\$0.00
Other:	\$10,103,191.63
Total:	\$71,336,551.40

II.C. Uses of Government Services funds by entities

Provide a concise narrative of how entities in your State (including State agencies) have generally used Government Services funds, and how the funds have affected the State's provision of services from October 1, 2010 to September 30, 2011:

Entry from previous timeframe:

The State of Minnesota allocated SFSF Government Services funds to the Minnesota Department of Human Services, the Minnesota Department of Corrections and the University of Minnesota. The Minnesota Department of Human Services funds were used to fully fund state operated facilities which provide treatment and support services to individuals with mental illness, individuals committed by the courts deemed to be mentally ill or dangerous persons committed by the courts as developmentally disabled or determined to be a risk to public safety. Additionally, the Department of Human Services, through the Minnesota Sex Offender Program, promotes public safety by providing treatment and successful reintegration opportunities for civilly committed sex offenders. The Minnesota Department of Corrections used the award to house corrections offenders at non state-run facilities, including county jails and the privately run Prairie Correctional Facility. The Department of Corrections also applied funding towards providing medical care to offenders and to pay retiree insurance, workers compensation benefits, and salaries for administration of the Health Care unit. The Department of Corrections and Department of Human Services have spent their entire award. The University of Minnesota was also awarded funds, but has not started spending as of September 30th, 2010.

Please update for the new timeframe:

The State of Minnesota allocated SFSF Government Services funds to the Minnesota Department of Human Services (DHS), the Minnesota Department

of Corrections (DOC) and the University of Minnesota. Funds allocated to DHS and DOC were spent entirely during the October 2009 through September 2012 time period. The University of Minnesota spent their allocation during the October 2010 through September 2011 period. In alignment with the University of Minnesota's goal to be a top research institution, an enterprise system was upgraded to better position the University to meet Federally mandated effort reporting requirements related to work performed on sponsored projects, and to reduce institutional compliance risk. These system enhancements improve the timing and availability of data, enhance the ability of researchers to interact with the system, and allow for better reporting and data querying capabilities to assist with administrative oversight

Estimate the total amount of Government Services funds that the State has drawn down on behalf of its subrecipients, from October 1, 2010 to September 30, 2011, under the following categories:

Elementary and secondary education (excluding construction, modernization, renovation, or repair of public school facilities):	\$0.00
Construction, modernization, renovation, or repair of public school facilities:	\$0.00
Modernization, renovation, or repair of public IHE facilities:	\$0.00
Public IHEs (excluding modernization, renovation, or repair of public IHE facilities):	\$601,000.00
Public safety:	\$0.00
Public assistance:	\$0.00
Transportation:	\$0.00
Other:	\$0.00
Total:	\$601,000.00

III.A. & B. Tuition and Fees

Describe any actions taken by the State to limit increases in tuition and fees imposed by public IHEs for in-State students:

Entry from previous timeframe:

During the 2009 legislative session, Minnesota Session Law Ch. 95 was signed into law, which required that the University of Minnesota limit net in-state tuition increases to \$300 per year for FY 2010 and FY 2011. It also required that the Minnesota State Colleges and Universities (MnSCU) limit tuition increases to five percent per year for FY 2010 and FY 2011, with stimulus funds used to buy down the tuition increase to three percent in each year. The University of Minnesota addressed the need to provide tuition mitigation by allowing their annual tuition rates to increase, and then offsetting them with a "stimulus scholarship" for in-state undergraduates. In FY 2010, the stimulus scholarship was \$420.00. In FY 2011, the stimulus scholarship was \$744. These scholarship values should be used to off-set the amounts listed in the Tuition and fees section of the annual report to get to the average net tuition amount for in-state undergraduates.

Please update for the new timeframe:

There are no additional updates to the information previously submitted.

For each 2- or 4-year public IHE, please provide the tuition and mandatory fee amounts for in-State students for school years 2008-2009, 2009-2010, and 2010-2011:

Data should be provided for all four-year and two-year public IHEs. Private IHEs should not be included.

IV. Tax Increases Averted

Estimate the degree to which State tax increases were averted because of the availability of SFSF funds.

Entry from previous timeframe:

The SFSF provided \$816,489,174 in total funds to Minnesota. Of this total, \$667,888,144 is from the Education portion and \$148,601,030 is from the Government Services portion of the award. During the 2009 Legislative Session, the state legislature appropriated the SFSF funds as follows: Education Funds \$500,000,000 to K-12 education \$88,722,000 to the University of Minnesota \$79,166,000 to the Minnesota State Colleges and University (MnSCU) system Government Services Funds \$601,000 to the University of Minnesota \$38,000,000 to the Minnesota Department of Corrections \$83,505,000 to the Minnesota Department of Human Services, State Operated Services \$26,495,000 to the Department of Human Services, Minnesota Sex Offender Program Of the total amount of SFSF funds provided to Minnesota, \$637,342,000 from the Education fund and the total of the Government Services fund directly offset planned general fund spending for the same purposes. The remaining education funds were used to restore fiscal year 2009 levels of funding to institutions of higher education. It is difficult to estimate the degree to which State tax increases were averted because of the availability of SFSF funds. Governor Tim Pawlenty was in office at the time the SFSF funds were received in Minnesota. Governor Pawlenty was opposed to tax increases. His original budget for the FY 2010-11 biennium was delivered to the legislature on January 27, 2009. At that time the FY 2010-11 budget deficit for the general fund was estimated to be \$4.847 billion. The budget Governor Pawlenty submitted closed the budget gap without proposing tax increases. He did include in his budget a placeholder for anticipated federal stimulus of \$920 million. The Governor's budget submission was revised in March of 2009. At that time the amount of federal stimulus money available to offset general fund spending was known and we had an updated forecast of the FY 2010-11 deficit. The general fund forecast now included the anticipation of \$1.359 billion of additional federal FMAP funding, which directly offsets general fund spending in Minnesota. As a result, the estimate of the deficit was reduced to \$4.6 billion. Without the receipt of additional federal FMAP funding the forecast deficit would have worsened from earlier estimates to \$5.959 billion. Because the Governor's original budget submission included a placeholder for \$920 million in additional FMAP dollars, the remainder of the original budget solution amounted to \$3.9 billion in savings. The gap between that original submission amount of \$3.9 billion and the new forecast deficit of \$4.6 billion was \$700 million. A total of \$785,950,000 of State Fiscal Stabilization Funds were used to offset general fund spending included in the original budget in order to close the gap in the revised budget without a tax increase. It is especially difficult to predict what would have occurred through the legislative process in the absence of SFSF dollars. In the 2009 Legislative Session, both bodies of the state legislature were controlled by the Democratic-Farmer-Labor party. During the 2009 Legislative Session, the legislature passed and delivered two bills to Governor Pawlenty proposing tax increases. Governor Pawlenty vetoed both bills and indicated that he would not allow a tax increase to be part of the State's overall budget solution. Furthermore, the 2009 Legislative Session ended with spending bills being passed into law that exceeded projected revenues for the coming biennium. In July of 2009, the Governor used unallotment power as authorized in state statute to balance the budget. Later, the MN State Supreme Court ruled the Governor's use of unallotment exceeded his authority. During the 2010 Legislative Session, the legislature passed a series of spending reductions and payment delays to balance the state budget, many of which were part of the Governor's unallotment plan. Reductions passed by the legislature during the 2010 Legislative Session were in the areas of human services, aids to cities and counties and funding to institutions of higher education.

Please update for the new timeframe:

There are no additional updates to the information previously submitted.

V. Jobs Saved or Created

In its quarterly reports submitted under section 1512 of ARRA, each State provided data on, among other things, the number of jobs estimated to have been saved or created as a result of SFSF support. The Department will use the information that has been reported to determine the number of jobs that have been saved or created. For the purposes of the Initial Annual Report, the State is not required to provide any additional information on the number of jobs estimated to have been saved or created.

Jobs Reported Saved or Created in the First APR:

	Reported Jobs for 02/17/09 - 09/30/09	Reported Jobs for 10/01/09 - 12/31/09	Reported Jobs for 01/01/10 - 03/31/10	Reported Jobs for 04/01/10 - 06/30/10	Reported Jobs for 07/01/10 - 09/30/10
Education Grants	5,868.19	6,032.76	5,366.2	5,347.98	368.85
Government Services	1,227.92	1,486.97	1,374.13	1,393.19	331.14

Jobs Reported Saved or Created in the Second APR:

	Reported Jobs for 10/01/10 - 12/31/10	Reported Jobs for 01/01/11 - 03/31/11	Reported Jobs for 04/01/11 - 06/30/11	Reported Jobs for 07/01/11 - 09/30/11
Education Grants	290.73	269.29	0	65.22
Government Services	0	0	4.26	0.4

VI. Progress in Advancing Education Reform

A. Reducing inequities in the distribution of highly qualified teachers:

Describe the steps that the State has taken, from October 1, 2010 through September 30, 2011, to reduce inequities in the distribution of highly qualified teachers.

Entry from previous timeframe:

Minnesota defines an inexperienced teacher as one who has taught for less than 2 years. High poverty schools are those whose concentration of poverty is within the highest quartile within the state. LEAs who have schools which have been identified as having a high concentration of inexperienced teachers in high poverty schools will be required to develop a plan to make the assignment of inexperienced teachers within the district more equitable. For each school that did not meet the federal highly qualified requirements, the LEAs will be required to provide the following: • An explanation as to why this high poverty school has a greater concentration of inexperienced teachers than other (low poverty) schools within the district; • An explanation as to what action the district will take to make the assignment of inexperienced teachers within the districts more equitable; and • An explanation of what resources the district will use to implement its plan and support teachers.

Please update for the new timeframe:

Minnesota defines an inexperienced teacher as one who has taught for less than 2 years. High poverty schools are those whose concentration of poverty is within the highest quartile within the state. LEAs who have schools which have been identified as having a high concentration of inexperienced teachers in high poverty schools will be required to develop a plan to make the assignment of inexperienced teachers within the district more equitable. For each school that did not meet the federal highly qualified requirements,

the LEAs will be required to provide the following: • An explanation as to why this high poverty school has a greater concentration of inexperienced teachers than other (low poverty) schools within the district; • An explanation as to what action the district will take to make the assignment of inexperienced teachers within the districts more equitable; and • An explanation of what resources the district will use to implement its plan and support teachers. During the Oct 1, 2010 to Sept 30, 2011 time period, Minnesota had 3 districts and 7 schools within those districts.
